

EVENLY MATCHED

Last session, fans were bemoaning the lack of goals, well this session was even worse with just 3 goals shared between the 12 top flight sides! In fact after 4 games, there are SIX sides still waiting to score their first league goal of the season! So, not much for your roving reporter to get his teeth into but let's have a look at what action there was. Last week it was Bristol Rovers dishing out an all season injury but this week they were on the receiving end of a series of assaults from

WHY CAN'T I SCORE

FC Trentside, whose manager Danny "Chopper" Breznitz, must surely be approaching Torliev levels of aggression these days! Captain Mercuri and forward Anatra were the unlucky victims and you have to wonder if Mercuri will be get his place back when fit. 0-0 the final score. Scandinavia held Steelcity to a goalless draw. The Hawks unbelievably are one of the sides yet to score this season and Seamus could be heard taunting his rival Lawton with chants of "fader" after the game, which was all rather unpleasant and unnecessary, simply not cricket. Westminster Utd looked as if they were on their way to an impressive victory at Bilbao Rocks until defender Olsen headed into his own net from a corner, to give Dave Hails men a deserved draw. Catton sit at the top of the table following late drama in their game at Rio FC. Brexit Tusk ran clear and netted in the 90th minute but a VAR check indicated that he may have been offside. After 5 minutes of deliberations, the goal was awarded and sleepy Thommo went galloping down the touchline with excitement as the bookies installed his side as the new favourites for the title. Mind you, any side that can put a few wins together has got a chance of the title this season, probably 6 or 7 teams may have a genuine chance?

TWO TEAMS STILL 100%

Perfect FC still lead the way after a rather fortunate 1-0 win at bottom side Villa Rangers, which kind of sums up how the season has gone for both of these sides so far. Perfect FC look as if they may be in a false position, having faced the bottom 4 sides so far and they might find that this is as good as it gets for them, with tougher tests around the corner. Newark Harriers look the real deal though and their midfield ground Van Boro into the dirt, in a comfortable 3-1 win for Presland's men. Brutal Maniacs stay third after a thumping 5-1 win at fellow relegated side Addington Palace. The ease of the victory must have been a little concerning for Addington boss Paul Stevens and they look as if they may get dragged into a surprise relegation battle if they do not strengthen soon. Buckley Town swept aside Heigham Town 4-1 with Town boss Chris Moore restructuring his side at present, there may be more results like this to come. The fans still have complete faith in the Norwich messiah though! Greymouth Town got an excellent 3-1 win at derby rivals Romsey Rovers, despite falling behind early doors. Romsey's offside trap wasn't really needed and Greymouth attacking defender Lauton made mincemeat of it time and again anyway. The only downside for McAuley's men was a late

sending off for attacking midfielder Byrne for swearing at the ref, he will be missed next week. Quantam Mechs failed to break through the resolute Fareham Regis defence in a dull 0-0 draw. 3 draws out of 4 for Fareham so far show what a tough team to break down they can be and if they could just add an attacking threat, they could cause a few problems in this division.

FARNDON FLOP

Leaders Limetrees Park welcomed Farndon to Loftus Road as they sought to keep up their winning start to the season. Crafty Cranners knew what was coming from Fingers men as he set an offside trap to counter the visitors expected large attack. Some would say it was brave of Farndon to set up so attacking given their lack of special players, others would say it was madness. Six goals later and the answer was there for all to see! Gotta win your home games as some wise sage once said and Limetrees are looking good so far. Reale Hastings did even better, putting 9 past Gutter Press but that isn't any great achievement currently. To be fair, Hargraves has 5 risers in his side, so perhaps things will improve for them as the season goes on, unless he flogs them of course! Hayling Rangers continue to shine and they outclassed West Cross in a 5-0 win. Butler's 4-4-2 tried to make

KICKABOUT NEWS

things difficult for Lawton's men but Hayling are an impressive up and coming side and victory was never in doubt. Another side to keep an eye on are Gee Cross and they took Newark Athletic apart, also winning 5-0. Not many teams manage that against a side managed by Dag and Samson has rebuilt this side into a very useful outfit. Estarcion have had a mixed start back to life in division 3 but they had no trouble despatching a somewhat experimental Ulysses Angels side 4-0, with Reiser giving some of his promising youngsters a run out. Angels move up to 5th as a result. So, plenty of goals everywhere in division 3 but there was one exception as The Wee Rovers and FC Hope ground out a goalless draw. These two sides are extremely well matched, so perhaps it was no surprise that they couldn't be separated, with their 3-4-3 formations cancelling each other out. FC Hope boss Jorgenson declared himself satisfied with a point in the after match press conference, stating he was trying to bring some stability to the club and put some solid foundations in place. He is certainly doing that so far..

ROEBUCK FLYING HIGH

Roebuck FC continue to sweep all before them, this time seeing off a solid Knotso Athletic side 1-0. Knotso boss Hudson perhaps got his tactics wrong for this one, failing to test out dodgy keeper Molineux all afternoon and a 42nd minute Mazzola volley proved enough for Oli's men to take the 3 points and keep their 100% record in tact. The Red Devils took advantage of

managerless Videtonians problems to run out easy 4-0 winners. Rumour has it a caretaker appointment may be imminent. The Levellers are enjoying a much better season this time out and targetman Spudeyes Ashcin was too hot for the Telford defence to handle as he set up all 3 of Rommedahl's goals in a 7 goal thrashing.

Hails men remain rooted to the bottom of the table, still looking for their first point. Another improved side are Glencairn FC and they are yet to concede a league goal this season after a comfortable 2-0 win over derby

SWEEPING ALL BEFORE THEM

rivals Hawk Fields. Reid got his tactics spot on for this one, with his 4 man attack causing a lot of problems for Butler's men and with Malkied marking a player in the wrong position, the away side were always up against it here and Butler can have no real complaints about the final score. Everton Classics picked up their second win of the season after seeing off Roxy Allstars 1-0. Everton were happy to concede possession and play on the counter attack but Roxy were definitely hindered by playing for a draw. This was a game Colly's men could have won had they been a bit braver and the away fans made their feelings clear to the loveable Irishman as he made his way from the dugout at full time. A good 3 points for Humphries men nonetheless. Shoreham Utd are not finding life any easier in division 4 than they did in division 3 and they fell to another defeat at home to AC Carfin, thanks to a fine finish on 36 minutes from the strangely named Dead Metal. Shoreham's afternoon was made worse when veteran midfielder Bayeux picked up a nasty looking ankle injury that will keep him out for the next few sessions. Simon Stevens has a tough decision to make here but it might be time to ship the old boy off to the non-league finally?.

UP FOR THE CUP

1st Round Highlights

The massive first round clash between heavyweights Steelcity and Westminster Utd ends goalless. Some great marking gave Lawton's boys the edge and they will fancy their chances of getting through in the replay now *** More injury woe for Bristol Rovers as sweeper Dooku gets stretchered off with damaged knee ligaments and Ian Read's day goes from bad to worse as they crash out at home to Greymouth Town, thanks to a late Hoohay goal. A session to forget for Rovers *** Farndon can find no way past non-league Telford and face a tricky replay now, let's hope Fingers doesn't underestimate them again *** An excellent 2-1 win for Reale Hastings at Estarcion, targetman Tu Lwan the difference between the two sides here *** **SHOCK!!!** Last seasons cup runners up The Mashers fall at the first hurdle this time round, at home to

COMES THE DUSTCART LOZZA

KICKABOUT NEWS

3rd division Hayling Rangers. Lawton's boys came to keep it tight and a moment of magic from Merlyn the Magician (as the fans call him) secured a famous win *** Gee Cross give mighty Sprowston a really tough test and a replay is the least they deserved. This one ain't over yet *** Rio make heavy weather of seeing off Ulysses Angels, a single Trimble strike separates the sides *** Roxy's five man midfield is far too strong for AC Carfin and Colly's boys triumph 2-0 without too much bother *** A familiar story for Hawk Fields as they make it tough for the opposition but Van Boro have sufficient class in their ranks and Gomez's early goal is enough to go through *** Heigham overcome potentially tricky opposition in Red Devils though not without the odd scare, Chris Moore will be relieved to avoid an upset here *** A fine win for Glencairn at West Cross, Reid's boys came with a 4 man attack and their positivity paid off as a late Reilly header put the 4th division side in the hat *** FC Trentside win the all first division clash at Kickabouters, despite still being without all rounder Vach. Breznitz got his marking spot on here and Trentside just about deserved the win *** Gutter Press hold on for a draw at non-league Stevenage. Glory days for Hargraves! *** Roebuck and The Wee Rovers must do it all again after a 0-0 draw. Hard to call this one *** Cup favourites and holders Catton find Perfect FC a tough nut to crack but Russel's second half winner leaves Barrett wondering what might have been *** Easy for Limetrees as they put Woking to the sword, Cranners hasn't been this excited about a cup run since QPR last got to the cup final back in the dark ages *** Good effort from Everton Classics to hold 2nd division Villa Rangers to a draw but their best chance of a shock win may have gone now *** Newark Harriers see off Buckley Town 3-1, the game turning on the sending off of Majour Hazard on 35 minutes. Buckley clung on in there and even equalised but were eventually sunk in this hard fought derby *** FC Hope have their best day for some time as they destroy poor Telford Utd 7-0 on their own patch. A win is a win, no matter who it is against! *** Scandinavia and Newark Athletic will do battle again, if I was a betting man I would wager on a penalty shoot out next week *** Brutal Maniacs have a field day, putting TEN past poor Shoreham Utd, shooting practice for Barrett's men *** Joy at last for Addington as they see of the challenge of non-league Welling. At last Fingers has found someone they can beat!

Second Round Draw

Knotso Ath v Gee Cross or Sprowston Youth
Scandinavia or Newark Athletic v Margate(NL) or

Fareham Regis

The Levellers v Romsey Rovers

Everton Classics or Villa Rangers v Bilbao Rocks

Newark Harriers v FC Trentside

Rio FC v MM Marauders

Heigham Town v Catton Old Boys

Farndon or Telford(NL) v Greymouth Town

Westminster Utd or Steelcity Hawks v Stevenage(NL) or
Gutter Press

Limetrees Park v The Wee Rovers or Roebuck FC

Glencairn FC v Hayling Rangers

FC Hope v Quantam Mechs

Van Boro v Weymouth(NL) or Kettering(NL)

Northwich(NL) or Southport(NL) V Brutal Maniacs

Reale Hastings v Addington Palace

Roxy Allstars v Videtonians

Most of the big guns have avoided each other here. Tie of the round could be Newark Harriers v Trentside whilst there is an all first division clash between Rio and MM Marauders that should be worth watching. The cup looks wide open this season, I reckon we could have a new winner?

LEAGUE CUP HIGHLIGHTS

(Second Round 1st legs)

Buckley Town grab a priceless goal at MM Marauders but there is nothing between these sides, so still all to play for *** A Llorente strike gives Romsey the edge over 1st division Kickabouters but Odegaard will fancy his chances of turning this one around *** As expected, Bilbao prove too strong for plucky Farndon, but Stevens boys certainly did not disgrace themselves in a 4-2 defeat *** The Mashers cup woe this session continues as they fall to a 1-0 defeat at home to Dag's Newark Athletic. They will have to come up with something special next week or this will go down as a big shock *** Chopper Breznitz kicks Sprowston off the park but it does the trick as they hold the advantage in this tie. Could be a feisty second leg! *** Gee Cross look like they are through after putting 3 past Red Devils, the 3rd goal was a Draper own goal and it has left Jack's boys with a mountain to climb *** Game over as Catton destroy Everton 7-0, leaving young keeper Haroyldino traumatised *** Addington look much better as they hold Westminster Utd to a creditable goalless draw, can they repeat the trick and take it to penalties? *** Deja vu as

Perfect FC win at Villa Rangers 1-0 for the second time this session, with Boggins also repeating his match winner from their league fixture. Still very much in the balance this one, especially with Villa's new signing Popescu available next week *** Rio get another welcome cup win, doesn't get much easier than beating Telford at the moment *** Steelcity Hawks get off to the worst possible start as Oloffs poor backpass ends up in his own net after just 2 minutes, to give Scandinavia a vital away goal. Credit to Lawton's men, they battled back to level through legendary Carlos Stifez but this tie is set up very nicely now *** Bristol Rovers and Greymouth Town clash again but this time they cannot be separated. Rovers will no doubt be looking to avenge their cup exit in the return leg *** Reale Hastings finally wear down The Levellers with a fine Strang volley on 68 minutes but if The Levellers are a bit braver next week, they might be able to test out dodgy keeper McGregor? *** Glencairn manage to halt the scoring juggernaut of Brutal Maniacs as their renowned defence was like a brick wall, 0-0 the final score *** Quantam Mechs and Estarcion FC share six goals in a real thriller. This is a real toss of a coin now *** Hayling Rangers can count themselves extremely unfortunate to lose 3-2 at home to Newark Harriers, after outshooting their 2nd division opponents. Craig's men have a tough task now but I wouldn't rule them out by any means ***

TRANSFER TRAILS

Catton take a chance on ZEUS DEEWATER in the auction, 2345k not too bad a price for such a gamble. Villa Rangers pick up attacking fullback POPESCU for 1667k, a very useful player to have. Heigham get injury prone midfielder RUS for a low price of 309k, could be a real bargain for them. In private deals, Ulysses Angels open up their warchest again to splash 3500k on Van Boro's midfield general WING YIP, watch them rise up the table now. Paul Butler might have done the best deal of the session for Hawk Fields, grabbing defensive midfielder TATTY for 1850k from Gutter Press. Romsey Rovers also make a good signing, with VANCOUVER joining from Heigham, in a move that could see Hugo Allen's men push themselves into the promotion spots..

MANAGER OF THE MONTH

DIVISION ONE: goes to Manager **Thompson** of **Catton Old Boys**, the only winners in the top flight.

DIVISION THREE: goes to Manager **Samson** of **Gee Cross**, looking the part now and a great effort in the cup against Sprowston.

COVID LEAGUES

During the lockdowns and beyond we have been running fast turnaround (two day) covid leagues to keep the furloughed and those working from home occupied. They have gone well, have run three three seasons leagues so far. however, these will be coming to an end. however, some of the players have suggested that we start another Messi league - weekly turnaround, runs every Wednesday, to take it's place and keep everybody happy (with the latest news from dear Boris & Twitty Witty), it might be needed.

It would be a sixteen session league, running in conjunction with the Messi eventually. Firsts season would be very cheap to get it going,

It wouldn't start until well into October, but if you are interested please let me know OK?

KICKABOUT MUSINGS

Managers often complain about training injuries, but there is a simple way to help mitigate this. Have a decent squad with a couple of reserves. A high value UT who can slot in any where is always a great help. But I need cash in the bank, I hear you say, just in case that level 20 MF/AD appears in the auction (which of course you will be outbid for). And strangely enough the ones who scream about that training injury are usually those with ten million stuffed away doing nothing to enhance their squad whatsoever

AUCTION

AUCTION NOTES

From now onwards we would like you to always write, 'don't sell if he turns star in the messages to GM box EVEN IF HE IS A LEVEL TWELVE STAR, as well as ticking the relevant DON'T SELL box in teampick. NOTE THAT TICKING THE BOX IS THE MAIN DECISION-MAKER IN WHETHER A PLAYER IS SOLD OR NOT, the GM Message is just to help the GM as during the transfers we have no way of knowing whether a player has become level twelve in THAT SESSION!

Also PLEASE DO NOT leave partially-completed transfers in your transfer section, i.e. leaving the team name or the player, etc., it is laziness on your part and might result in strange things happening to your team!!!

And you MUST spell the names of the players included in any deal correctly. If you don't then the program might refuse them and they don't go through, so be careful.

In future, you are allowed multiple conditional bids from which the program will attempt to purchase just one item. However, you are also allowed multiple Unconditional bids from which the program will attempt to purchase all. teampick users just have to use the relevant boxes in the program, those who don't use teampick must ensure they stick to these rules and make it clear on their turns just what they want to happen in their bidding process.

LSO, be careful when doing deals etc. The program works on team order, which can cause problems. Best idea is NOT to have 25 players in your squad at the start of a turn and do deals and sell to NL, cos if the manager you are doing a deal with has a lower team number than yours, the program will say you have no space in your squad, even though you are trying to sell players to the non-league. His orders will be processed before yours!!

ROLLING AUCTION LEVELS

The following are the minimum levels relating to each session for entering players into the rolling auction:-

<u>SESSIONS</u>	<u>MIN LEVEL</u>
1 to 3	5
4 to 5	6
6 to 8	7
9 to 10	8
11+	9

These are also the same levels which decide whether a player will go straight to N/L when out of contract rather than being put into the auction

KICKABOUT BITS

SOCIAL MEDIA

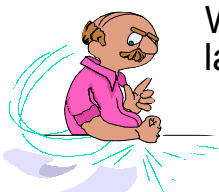

We have finally been dragged kicking and screaming into the 21st Century , pity all dinsoaurs aren't like that and have upped our presence on social media sites. Links to our pages will soon appear on the web-site, but in the meantime we can be foudn on

FACEBOOK - kickabout online

MARKING UPDATE

We have worked out a system to check on anybody who is using last season's marking numbers for the current season. Basically the program will save a list of all valid marking successes each session and if somebody cries foul, that he has been marked by somebody who hasn't scouted him, we can check and say yea or nay.

So from now onwards if you use last season's numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

CREDIT CARD PAYMENTS

Can be made to us using the PAYPAL service. So if you want to pay anything by credit card then you could register with them and give it a try. Also note that if you send your payments as a gift ALL of the cash reaches us without any paypal fees being charged at our end and all is credited to your account.

You can pay by card/paypal through our new web-site

KICKABOUT BITS

THE KICKABOUT COMMUNITY

EMAIL CHAT LIST - yes, you can subscribe to our email discussion group. There is a list for general Kickabout topics, a list for each individual league, one for the vulcano, one for teampick subscribers, even one for the weekend players. Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a blank email to Kickabout-subscribe@yahoogroups.com. For others you do the same except put the league, name with Ka- in front of subscribe. However, some league lists have an ending in .co.uk instead of .com, so if one doesn't work then please try the other!!

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest return-by-date is. This is of great help and if you have email you should really be receiving this.

KICKABOUT SERVICES

MAILING - rather than sending SELF-SEALING SSAE's, rather than getting charged a £1 postage when you neglect to send one in or if they don't arrive. Pay for all-season mailing and we provide the envelope, the stamp, and the sticky label as well. No sweat. A season costs £25.00 overseas, £15.00 UK, or pro rataish if started during the season.

ALL EMAIL - if you have shomatch/ teampick then you can elect not to have any hardcopies sent to you at all as everything can be done by email. Just let us know if you wish to do this in future. Handy for those abroad or in difficult postal areas. If you play in more than one league, and paid for all season mailing it's actually cheaper to buy shomatch and do it this way.

TEAMPICK/ SHOMATCH/ MARKINFO - all the info you need for these programs is at - www.Teampick.co.uk

NEW WEB-SITE is now up and running, www.Kickaboutonline.co.uk to see the goodies

MARKING INFO - Tim Dodge has put together a clever little program that allowss shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/ teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc.

Latest version now available at

<https://cloud.invisibles.org/index.php/s/IRZTnvG4zmbNXBt>

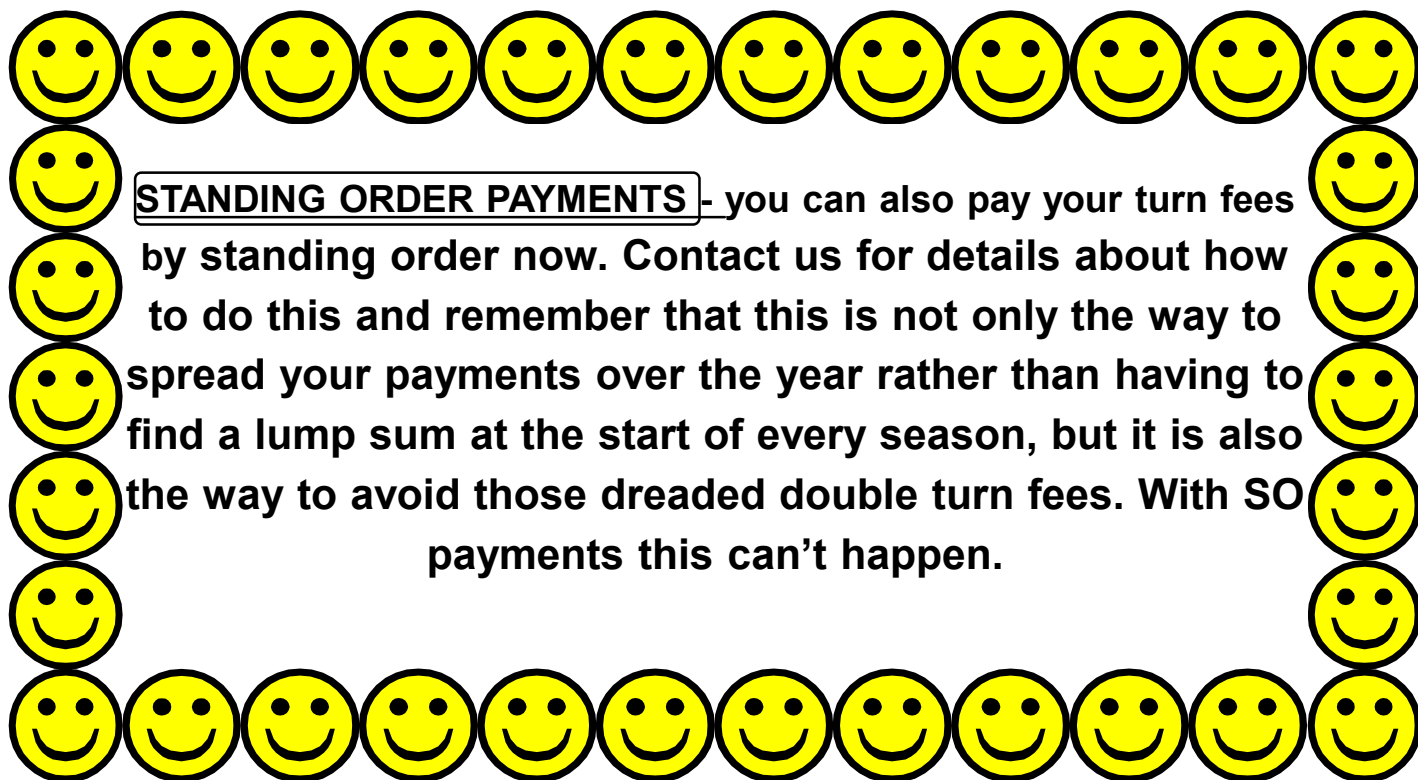

PLEASE NOTE THAT UNLESS YOU SUBSCRIBE
TO TEAMPICK/SHOMATCH THEN YOUR
TEAMSHEETS WILL ALWAYS BE SENT OUT BY
POST. EMAIL TURNS ARE ONLY SENT TO
TEAMPICK/ SHOMATCH SUBSCRIBERS

BULK PAYMENT OF TURN FEES -

remember if you pay £59.50 at one time (which can cover more than one team) you get an extra free turn credited to your account. This offer does not include shomatch/weekend or special offers monies!

STANDING ORDER PAYMENTS - you can also pay your turn fees by standing order now. Contact us for details about how to do this and remember that this is not only the way to spread your payments over the year rather than having to find a lump sum at the start of every season, but it is also the way to avoid those dreaded double turn fees. With SO payments this can't happen.

MANAGERS NEEDED

We have a number of gaps in the Robson league that need filling for next season. Choose between

FC GENUA, really been poorly-served by former manager and should really not have been relegated. Something to work with here plus cash in the bank

CAPITAL CITY, more of a challenge side really but they do have money in the bank if you fancy a challenge for next season

plus

GLADSTONE league **CONISTON ROVERS**, bottom of second, a real challenge team, but got soem cash to start the rebuilding

and

PREMIER league **WATFORD** - fancy taking on an impossibel job? Try this team, as usual ruined by Mr Heath and two.5 mill overdawn. Can you reusrrrect them, probably needs the Andy Baker type of approachh though even he might find it difficult

THE INTERNATIONAL TROPHY

There will be two groups of six teams each playing the other once (remember an extra point for an away performance), There will then be a KO semi-final, for all positions and a final session of six games to decided the twelve placings

First the prizes,

WINNER - 500K

RUNNER-UP - 200K

BEATEN SEMI-FINALISTS - 150K each

Beating any HIGHER RANKED team earns your club balance 100K

Winning any game (though not on penalties) gains you an extra 1 MP for your club side

The international scene can be therefore quite lucrative for your club side and with the arrival of your free SUPER SCOUT on Session two this becomes even more lucrative as well. However remember that if you fail to put in any orders he will DISSAPPEAR and you can only get him back by submitting a set of orders next time, and asking fro him back, when he will re-appear at the end of that session you submitted the orders.

KICKABOUT BITS

THE WADDERS ADVICE COLUMN

PPS on him to RESTORE his fitness. However, in doing this he loses a further TWO performance levels, so you have to be really sure that he is worth resting that's for sure as it is quite an expensive process. Remember also that if this is to a star player then unless he is level 14 and above he will also lose that coveted star status as well.

Still, the all-season injury is a rare one indeed and you'll probably rarely have one hit your team, will you?? And of course every now and again something appears in an auction to allow the restoration of an all-season injury as well. So cash can be sued, but can you wait and hope??

SCOUTING - of future opponents is early something you ought to do, unless your team is so good that it can ignore the opposition!!! The information gained from scouting allows you to set up your team and tactics to take account of their weaknesses and strengths, or if they are that much better than you to perhaps take a chance on some aspect of your play or perhaps pull up the drawbridge and hold on and hope. Knowing something about your opponents is imperative if you are to be successful, and although you can glean information from the newsletters, that is of sure, about your opponents, the scouting report really furnishes you with the information that allows you to flesh out the bones of opposing teams.

Remember though to scout the correct teams and that in general it isn't? free at all. That is unless you have a superscout which gives you two free scouts per session. These tend to only appear through auctions and if you are an international manager of some repute. There is nothing more galling than scouting the wrong team, especially as you have to pay the scouting costs as the poor fellow has gone to the wrong ground, incurred his expenses and travelling costs. READ THE FIXTURE LIST PROPERLY, it's always the next session that you are looking at for scouting.

Though it only concerns a minority also please remember that you CAN scout Euro games. Something that few do, and ought to when you are pitting your wit against the best in the business???

Remember as well that you can also scout individual players. This has been little used in the past but an increasing number of you are realising that it is quite important. Knowing what position and level, etc., that a player is who is constantly figuring in the newsletter as an important player, is important. If he's a level 12 MF and not a level 12 MF?A/D, then this would obviously affect how you viewed him and the necessity, say, of marking him. If he's a level 12 WG and not a LV 12 FW then you'd have to think twice about playing offside wouldn't you?? Scouting individual players is free and fleshes out the information that is gleaned from the newsletter. Ok, the latter might suffice at times, but there's always that player who doesn't appear in the internationals squads or who the newsletter-writer persistently refuses to tell you just what his position early is, isn't there? So scout the boy.

Finally, tactical plays and extra info. This is important for marking. If you can get the marking numbers of the opposing team then you can use that level 15 exceptional marker to destroy his midfield specialist - or so you hope. If the scouted side has more in tactical plays that session (it is not cumulative), than the scouting side puts into extra info, then the scouting side do not get the numbers and cannot mark. Marking is important, you can reduce the playing strengths of an opponents drastically by efficient marking and more than once a superior side is beaten because his better players have been marked out of the game. However, it always helps to actually read the newsletter section regarding marking to see how it is worked out as marking with lower level players than the marked ones often backfires, while the marking player has to be of a certain ability. If he is not an exceptional marker (noted on your squad sheets), and keeps failing then ignore him for future use as his marking level is obviously low. Best to mark with known exceptional markers, or attempt to perhaps improve a player who isn't exceptional up to exceptional standard by using him to mark a definitely lower level opponent. This will raise his level gradually (marking that is). Remember that failure to mark reduces his marking ability, successful marking raises it.
