

DIVISION ONE

At the Crosspit Arena it was surprising to see neither manager going for any kind of marking. With the hosts lining up in a very attack minded 3-5-3 and the visiting Laissez-Faire in a positive minded 3-5-2 as well, we got plenty of action at both ends. The Crosspit Utd attack was much better on getting their shots on target, but Matthieu had a good game, keeping out some very good shots that the home crowd almost were celebrating goals from. Down the other end Jiang Pei had a harder time dealing with the Laissez shots, that is those they managed to get on target, and he let in the same amount of goals as his counter part. The score line in the end a fair enough 5-5, but for Laissez I thing letting in 5 goals here was unnecessary, and with some other tactics employed they should have been able to get the win here. ***** Skelmersdale climb to the top as they get a very easy win at home to Walton Rangers, the visitors even opting for young Guinness in their defence. Still for all their possession Skelmersdale only managed the single goal, and I think they have to show more than they currently do to end the season where they now are. ***** Without Todd it was not a good time for Q of N and manager Miller to have to go to local rivals System Lords. When their manager on top of this decide to not use any kind of marking, it really was looking good for the hosts. Still they struggled to break down the Q of N team, not helped by the fact that forward Kikoos got himself sent off ten minutes into the second half, and Kalambero had a good match between the sticks as well. But seven minutes from time Commodus came forward, went into the area, went over without any contact coming in from closest opponent Hoof, but the referee got fooled into giving the penalty. Commodus put the penalty into the net himself, to give System Lords the win. ** Another local derby at St Johns, where the hosts entertained Zion Gardens, and the hosts ran out deserved winners, but their win marred by injuries to both Owen and Homer. But in an important match like this, I can't understand that neither manager see fit to use some kind of marking?? ***** Flamengo RJ get a well deserved win at D.D.T., as their 3-5-2 have the better of play all over the pitch against the defensive 4-4-2 of the hosts. ***** Jeltzin have a magnificent match at Beruit FC, as he helps his team Wycombe to a well deserved 6-1 win. Manager Read not too happy with the injury to captain Browning though.

DIVISION TWO

Silva City started their post-Barnish era away at Primal Paragons, in a must win match if to state they mean real business regarding their promotion bid. Despite the visitors being well in control from start to finish, and Skovsted not looking anywhere close to fit, they struggled to turn their superiority into telling result. Four minutes into the second half they did finally manage to get one shot past Skovsted, and as their ball winners kept what little the hosts had of shots off their own goal, that goal gave the visitors a well deserved 1-0 win. ***** Dow Crag Rovers stroll to a very easy 3-0 win at Real Santiago, should probably have been at least a couple more. ***** The Showboats get a 1-0 win at home to Crimson Dynamo, despite their marking attempt on Wallace backfiring. Why the visitors didn't use the offside tactics I don't understand though. ***** 3rd against 4th at Ameliehekeani, with the hosts lining up in a SW-2-5-2, and Faarevejle Utd going for a balanced 3-5-2. The zonal marking of the visitors gave them the edge all over, and the hosts couldn't muster a single shot from ordinary build up play. The visitors on the other hand did create some good openings, but had a hard time getting their shots on target. With Polska not on top fitness it thus was nervous in the away end each time Ameliehekani produced something from their individual talents, and in the 35th minute it was an order too tall for Polska, as

Oppenheimer placed a curled free kick over the wall and into the top right corner. The result rather harsh on Faarevejle, but manager Molloy won't mind. * Kirkwood Albion and Tudor Avenue line up in a 4-4-2 and 3-4-3 respectively, with **Tudor** going for marking on Hegel and Valdo. The job was done reasonably well by (Y) Alaska, but Morten (S) never got close to Valdo. This meant we got a match where the teams matched each others strength in every area, both creating chances from attack, and with a stalemate in the middle of the park. Thus it was rather surprising to see Kirkwood end the match 3-2 winners, as Kaka in the away goal is of so much higher class than Diva Ronno at the moment, but somehow Kaka let in close to half of the shots he had to save, while Diva Ronno managed to do reasonably better. ***** Finally **Sporting Stars** just edge the match at home to Hatchend Heroes, and also get the only goal of the match, giving them a 1-0 win to close in on the teams above them.

DIVISION THREE

Leaders **Red Star** this week had a trip to next to bottom **Barnet F.C.**, and **manager Hansford** sent his team out in a rather positive 3-3-4, while **manager Stevens** went for a balanced 3-4-3. The visitors had the better of play, but had

the hosts employed the offside trap and/or some marking, they might have come out better of this match. As it was Red Star finally managed to get a winner, half way through the second half, as Raul curled a free kick around the wall and just inside the left post. For the rest of the match Bangkok kept a clean sheet, having a very good game considering his lack of fitness. ***** Putney Celtic had a harder task on their hands, as the team occupying 2nd spot had to visit 3rd placed Arsenal 1866. The hosts lined up in an attack minded 3-4-3, with Tevez and Zumino doing good jobs on restricting Crete and Chun Mad. The visitors fielded a 3-5-2, and despite the marking from Arsenal, they did have the better of play in the middle of the park, and were also able to create some chances from their forward line. But in contrast to their hosts they had a hard time getting their shots on target, and this resulted in Qvist not having to much to do, and only letting in one, while Henkel had a lot of work on his hands, and ended up letting in no less than six. The 6-1 score line not really a fair reflection of the game, but Arsenal deserved to get the three points. ***** Balderton took advantage of Putney's loss to climb above them and into 3rd spot, as they had no problems against rock bottom Tameside, getting a well deserved 5-0 win. ***** Pre-season favourites West London FC entertain Ipswich Blues, and get a 3-1 win, with Verulamium spared from blushes, as he handed the visitors the softest of goals in the 21st minute, fumbling their only shot of the match through his own legs. Much better from the hosts in the 2nd half, as they score three without reply, to end up deserved winners. ***** Hard fought derby at Royal Spurs, as they host Terra Firma. The zonal marking of the visitors levelling the match out, and in the end a fair enough result with 0-0, but the hosts should probably have been able to win it with better tactical choices. To add to the dropped points, they also got an injury to Sandro. ***** Bolton Tigers from start to finish at home to Fenham, and the 2-0 result a fair reflection of their dominance.

DIVISION FOUR

Rustin Diamonds once more make unnecessary hard work of it in their match against local rivals **Wath Dearnesmen**, but at least they know got a manager to blame, with **Hugo Allen** coming in to steer the team to the divisional title. 4-4-2 at home is not the way to win over the fans though. ****** **G.M.I Seville** had a trip to **Newtown FC** this week, and needed a

win to keep up with Rustin. The hosts lined up in a very defence minded 5-3-2, and the relative balanced 3-3-4 of the hosts met a wall of defence. Still they managed to create some openings from the middle of the park, and even some from their defenders venturing forward, but they had a hard time getting the ball on target. But from a corner in the 25th minute Chechnya managed to steer the ball into the net for the only goal of the match. With the hosts not set up for any kind of attacking play that was enough to secure the three points. * Sky Blue Fire lined up in a SW-2-5-2 at home to Univ. Nanterre, while the visitors went for a SW-3-3-3. Callum got the only goal of the match in the 13th minute, for a win rather against the run of play. ***** FC Barca had by far the better of play from start to finish against **Fatal Flops**, but a 32nd minute own goal from Pearson handed a point to the visitors. ***** Southdown finally showing some kind of form, but as it was against struggling Armani Casuals it just might be a false dawn? Their 3-3-4 had no problem getting five without reply against the SW-3-4-2 of the hosts, and had it not been for **Dmitrov**, it could easily have been at least three or four more. ***** Lang Gah no match for Luton Lions, also getting five without reply. The SW-4-3-2 of the hosts outplayed all over by the 3-4-3 of the visitors, and Bawbag not the hardest to score against.

UP FOR THE CUP

REPLAY ROUND-UP

Terra Firma had the better of play at Beruit FC, but had to settle for a re-match at home. This time around they managed to get on top also in the score line, but that was mainly due to Righetti having a very bad match at the back for the visitors. **Nelson** at the other end didn't have a better match though, letting in four from six on target, but as the hosts also was helped out by Kjeld getting one for the opponents, Terra end up 6-4 winners. ***** At Lang Gah it was the visiting Univ. Nanterre that controlled the proceedings, as their strong back four ventured forward time and again, and the 3-0 win no less than they deserved. ***** Dow Crag Rovers only managed to score once against non-league Sutton (or was it a matter of mistaken identity here, with Northwich turning up at the wrong venue?), despite being well on top from start to finish, but that is enough to get them the win, as their opponents can't create a single chance. ***** Non-league Northwich battled hard at home to a under strength Rustin Diamonds, and take the 4th division leaders to extra-time and penalties, but in the end it's heartbreak, as Rustin sneak through 4-3 on penalties. ***** Q of N, still without Todd, lined up in a 3-4-3 at home to West London, which came in a solid but very defence minded 4-4-2. The visitors also opted for zonal marking, and that restricted their opponents, and only thing lacking for the visitors was a little more courage, as they kept eleven men behind the ball at all times. This meant they had a very hard time creating chances, while the hosts defenders got the time and space to venture forward time and again, and this led to an opener for the hosts in the 16th minute, and they then added a second in the 79th minute. West London thus lost the match, despite having the better of play throughout. **** The Showboats strolled past Bolton Tigers, as the visitors threw their match, fielding a couple of youngsters in a very weak team.

LEAGUE CUP HIGHLIGHTS

Red Star had a 1-0 win from their away leg, and at home to **Crimson** they had no problem finishing the job, although they had to settle for a 1-1 draw, as **Antonescu** gifted the visitors

with an own goal to make the end to the game more nervous than it should have been for the hosts. ***** Tudor finish off Sporting Stars with a solid looking 4-1 win at Sporting Stars, but why on earth did manager Hendry field youngster McCrudden here? ***** Not a single shot to report from the match at D.D.T., suiting manager Briggs as his team go through after their 1-0 at home in the first leg. ***** After the first leg of Silva City's tie with System Lords, there were big controversy with reports surfacing that there had been some rather unethical producing of scouting reports, leading to Silva's long serving manager Barnish walking away. Not sure if that was the correct reaction though, as that left Silva with a much harder task, having to settle in with a new manager for their home leg. The hosts lined up in a 3-5-2, with Stalin chasing shadows, and none of the middle men of the Lords marked. The visitors lined up similarly, and their marking of Magilton got them the edge, but they also opted to keep all men behind the ball, so this ended as a match of few chances, with the battling powers of the Silva team doing their usual job breaking down chances as well. Thus, to no surprise the match ended in a 0-0 draw again after the ninety minutes, and to be honest I think most inside the stadium also thought that would be the result after the extra thirty minutes. Kafkas thought otherwise though, as he found the room and space down the right had flank in the 94th minute, and his cross found the head of striker Batling, that sent the ball like a bullet into the top right corner, leaving Tanakizulu no chance. Justice in the end then most might think, and a great win for the new man at the helm. ***** At Kirkwood it was a very defence minded team, playing in a 4-4-2, that welcomed the visiting Showboats, which came in a much more adventurous 4-2-4. Both teams created some chances though, but Brooklyn **Spice** got the only goal of the match at the stroke of half time. Thus it was the visitors that went through, deserved 3-1 winners on aggregate. ***** After their very unlucky 0-3 defeat at Skelmersdale, it was once more all Flamengo RJ in their home leg. This time they did get a couple of goals, and should probably have had at least one or two more, but with Callaghan still not on top fitness, they looked vulnerable at the back. They didn't allow the visitors a single chance from normal play, but from some moments of individual brilliance Skelmersdale still got some shots off, and they put two of those away, to get themselves a much undeserved draw on the night, and an equally undeserved 5-2 aggregate win. Though, I guess that is what make them a trophy winning side, their ability to also pick up results when they shouldn't. ***** St Johns get a 3-0 win at Walton to go through 4-0 on aggregate. It is a bit flattering score line after two very even matches between the teams, but they go deservedly through. ***** Laissez-Faire as Silva City manage to go through after some controversy surfacing after the first leg, but they had to wait until extra time before they managed to get their superiority to count. In the end 5-3 aggregate winners, should probably have been closer to 10-3 had it not been for a fantastic display from Bellamy, that really looked like he was on some kind of steroids. ***** On the pitch it was very even between Rustin Diamonds and their visitors Zion Gardens, but Kjavik never was up to the task at the back for the hosts, and that cost his team as he let in two from the three shots he had to deal with. ***** Dow Crag Rovers get a 2-0 win at home to West London FC, as the visitors make it hard for themselves being far too negative, and Fjell doesn't have a single shot to save. ***** Royal Spurs have no trouble seeing off FC Barca, 1-0 on the night and 2-0 on aggregate. ***** Q of N had 1-0 from their away leg, and at home they should have strolled to an aggregate win. But for some reason manager Miller had gone for a team with a young

inexperienced sweeper in front of Kalambero, and the hosts hardly managed to create anything here. The visitors didn't do much better, but from a long range shot, deflected off Coniulo, they took the lead in the 26th minute, and that is how the first ninety minutes ended. Not much better from the hosts in extra time, and despite equalising in the 97th minute, it was the visitors that ended victorious on the night and on aggregate, as **Dattilo** in the 104th minute poked the ball home following a corner. 2-2 the aggregate score, and Beruit FC through on away goals. ***** Putney Celtic get a rather fortunate 1-0 win at home to Bolton Tigers, and are through 2-0 on aggregate. Some marking might have changed this result around though. ***** Barnet F.C. get a deserved 4-0 win at Real Santiago, but in truth that result tell more about the weakness of the hosts than of the visitor's strength. ***** Faareveile Utd stroll to a 5-1 win on the night, 8-1 on aggregate, but should probably have done like their opponents, and fielded some youngsters to give them invaluable experience. ***** Arsenal 1866 rode their luck to a much undeserved 4-2 away win in their first leg against Wycombe Falcons. At home they get a new win, this time 3-0, but as opposed to in the first leg, this time it was at least in an even match. Still the result was a bit harsh on their opponents, both on the night, and especially on aggregate.

INTERNATIONAL ROUND-UP SERIES THREE

GROUP 1

At Nya Ullevi it was hosts Sweden that were the prematch favourites against visiting Asia. They lined up in a rather positive looking 3-4-3, with their counterparts coming for the draw, in a 4-4-2. Both managers employed man marking, and both **Chapati** and **Sorensen** had trouble influencing the game due to their "shadows". But, for the Suadish management it might have been better for the Swedish management it might have been better going for Wong-Foo, as he was helping out his defence, and going with a heavy attack line that surely must be seen as missed option. As it was their attack had trouble creating any chances, while their defence had control over proceedings. Not much goal mouth action as a result, but some abysmal goalkeeping at both ends meant that from four shots we got three goals, and **Asia** won with the odd goal in three. ***** The **USA** fans hoped for a better showing from their team at home to **Denmark**, than what they managed away against the Spaniards in their last match. **USA** lined up in a very positive 2-3-5, while the **Danes** had a well balanced 4-4-2, solid defensively, but still threatening enough in the middle and up front, especially as designated marker **Sweet** never managed to keep Engslev under control. This led to a match of many chances, and both goalies had to make some good saves to keep the shoreline down. Despite it being the visitors that had majority of possession, the hosts went up to 2-0 with goals in the 30th and 38th minute, and despite all their chances, they only managed to pull one back late on, in the 88th minute, to make the final score 2-1. ***** **Africa** at home to **Spain** in the last match of the group, and with the squads looking to be relative even, the managerial dispositions would possibly decide the result. So for the home fans it was strange to see that their manager had decided to let all of the midfielders of their visitors go about their business without any kind of marking, while the Spanish managed to restrict Mbona's impact on the game, and kept Kigali more or less completely out of it. As

a result what should have been a quite even match, was a very one sided one, and the away team came away with a well deserved 2-0 win.

GROUP 2

Pitch: Wet

Big game of the round was to be at Ibrox Stadium, where hosts Scotland entertained an on paper equally strong South America, in a meeting between two of the favourites for The International Trophy. I said it was to be, as due to a suspension on their main man (G) Inncie, the South Americans had a much less potent team going into the match, and as the marking only tweaked it slightly better for them, the hosts had much the better of play here. Still the **Scots** had a hard time getting shots on target, as the visitors worked their socks off trying to keep them at bay, and it wasn't until a doubtful penalty was awarded, in the 82nd minute, that the hosts managed to break the deadlock. So we didn't get the classic we had hoped for, but for Scotland the three points is all that matters, and for South America they at least can take pride in their heroic defending. ***** In the match between the old foes in Munich, as the Germans entertained England, we saw a case of bad management costing the on paper far superior team two points, as the match ended in a dull 0-0 draw. The hosts lined up in a fairly attack minded 3-3-4, with a well motivated **Meyer** at the back. The visitors fielded their team in a strange SW-2-4-3. It left them well in control of proceedings, but due to some good marking from the proceedings, but due to some good marking from the **Germans**, their advantage was not what it could have been, and the big and strange mistake from the **English** management, was that they decided against using any marking of their own. Thus they really struggled to break down their opponents, and had to settle for a handful of long range shots, with **Meyer** never looking to get beaten.

****** In **Moscow** it was another case of strangely bad management, as here the **Russians** would surely have benefited greatly if they had managed to restrict **Magilton** and **Whelan** but no marking was the option opted for and Whelan, but no marking was the option opted for here. As a result the Irish team were well in control, and only some sloppy finishing meant they had to settle for a narrow looking 2-1 win.

HOW AND WHEN YOUR CASH IS ADDED TO YOUR TEAM CASH BALANCES

Some managers seem to find it difficult to get their heads round the ways and whereas that cash gets added to your Team cash balances. SO to try to explain it a little more here goes.

How cash appears:

- 1. Most appears listed according to source [A]
- 2. Some cash, mostly corrections, appears as miscellaneous [B]
- 3. Rep squad and int squad cash appears in your 'cash' value in the turn the squads are produced [C]
- 4. Euro gate receipts appear in the balance brought forward in the turn following the match [D]

49. MATHLETICO Session: 12 Acct No: XYZ Manager: A.CUMIN SPs: 4 Cash: #1,336,936 [C]

BALANCE B/Fwd : + #1,111,111 [D]

INCOME EXPENDITURE

KFA CONTRACTUAL PAYMENT: #100,000 [A] PLAYER WAGES: #260,000 **GATE RECEIPTS:** #135,825 **[A]** TACTICAL PLOYS: #10,000 FINANCIAL INVESTMENTS: **SCOUTING EXPENSES:** # 20,000 **[A]** #15,000 MISCELLANEOUS: #150,000 **[B]** YOUTH INVESTMENT: #20,000 MONEY GAINED FROM SPs: GROUND DEVELOPMENT: #50,000 **[A]** #50.000

NET PROFIT FOR SESSION: #100,825

Note here that if there has been a Euro home game in the previous session, then the value [D] of 1,111,111 will be higher that the cash balance in the previous session. In this session, MATHLETICO had 5 players in INT squads, so [C] = 1,111,111 + 100,825 + 125,000 = 1,336,936

CHALLENGE TEAMS

We have a small number of Challenge sides - think Sunderland or Bolton Wands and treble their problems. We would like to see them in good managerial hands to bring them back to life. So Take one on - this is not a short-term offer - and we'll give you £30 free credit to get you deep into the rebuilding process that is necessary for them.

NOTE THIS WELL

AUCTION NOTES

From now onwards we would like you to always write, `don't sell if he turns star in the messages to GM box EVEN IF HE IS A LEVEL TWELVE STAR, as well as ticking the relevant DON'T SELL box in teampick. NOTE THAT TICKING THE BOX IS THE MAIN DECISION-MAKER IN WHETHER A PLAYER IS SOLD OR NOT, the GM Message is just to help the GM as during the transfers we have no way of knowing whether a player has become level twelev in THAT SESSION.!

Also PLEASE DO NOT leave partially-completed transfers in your transfer section, i.e. leaving the team name or the player, etc., it is laziness on your part and might result in strange things happening to your team!!!

And you MUST spell the names of the players included in any deal correctly. If you don't then the program might refuse them and they don't go through, so be careful.

In future, you are allowed multiple conditional bids from which the program will attempt to purchase just one item. However, you are also allowed multiple Unconditional bids from which the program will attempt to purchase all. teampick users just have to use the relevant boxes in the program, those who don't use teampick must ensure they stick to these rules and make it clear on their turns just what they want to happen in their bidding process.

LSO, be careful when doing deals etc. The program works on team order, which can cause problems.

Best idea is NOT to have 25 players in your squad at the start of a turn and do deals and sell to NL, cos if the manager you are doing a deal with has a lower team number than yours, the program will say you have no space in your squad, even though you are trying to sell players to the non-league. His orders will be processed before yours!!

ROLLER LEVELS

The following are the minimum levels relating to each session for entering players into the rolling auction:-

SESSIONS	MIN LEV
1 to 3	5
4 to 5	6
6 to 8	7
9 to 10	8
11+	9

These are also the same levels which decide whether a player will go straight to N/L when out of contract rather then being put into the auction

THE KICKABOUT COMMUNITY

EMAIL CHAT LIST - yes, you can subscribe to our email discussion group. There is a list for general Kickabout topics, a list for each individual league, one for the vulcano, one for teampick subscribers, even one for the weekend players. Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a Kickaboutblank email t o subscribe@yahoogroups.com. For others you do the same except put the league, name with Ka- infront of subscribe. However, some league lists have an ending in .co.uk instead of .com, so if one doesn't work then please try the other!!

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest returnby-date is. This is of great help and if you have email you should really be receiving

KICKABOUT SERVICES

MAILING - rather than sending SELF-SEALING SSAE's, rather than getting charged a £1 postage when you neglect to send one in or if they don't arrive. Pay for allseason mailing and we provide the envelope, the stamp, and the sticky label as well. No sweat. A season costs £25.00 overseas, £15.00 UK, or pro

rataish if started during the season.

ALL EMAIL - if you have shomatch/ teampick then you can elect not to have any hardcopies sent to you at all as everything can be done by email. Just let us know if you wish to do this in future. Handy for those

abroad or in difficult postal areas. If you play in more than one league, and paid for all season mailing it's actually cheaper to buy shomatch and do it this way.

TEAMPICK/ SHOMATCH/ MARKINFO - all the info you need for these programs is at -www.Teampick.co.uk

NEW WEB-SITE is now up and running, www.Kickaboutonline. co.uk to see the goodies

MARKING INFO - Tim Dodge has put together a clever little program that allows shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/ teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc.

MARKING IN ALL LEAGUES

As per the beginning of the season it is not valid to use last season's marking numbers this season. This was stated at the beginning of the season quite clearly. Unfortunately, my mathematical skills did not stretch to effectively stopping this happening. Currently we are working on a system for next season to prevent last season's numbers from being re-used. However it is still illegal to use last season's numbers, but of course there are some out

there who have tried their luck despite this.

Therefore from now onwards to the end of this post league season if anybody is marked and feels that he has not been scouted THIS season effectively and complains, I will ask the marking manager for proof from his back turns that he has actually got the numbers legitimately. If he hasn't then though the result will stand he will be docked a point from his club points total.

So rather than this happening, scout your feared opponents AGAIN this season, and avoid being cast in the role of miscreant. Also marked managers please do not cry wolf unless you are very sure.

PS If anybody has sneaked a naughty scouting on their Session four orders I suggest you re-submit them without the naughtiness, NOW!

MORE 36-1 TEAMS

At the end of the current Messi season (about seven weeks form now0 and before season eleven commences we are planning to start a third division. It will Be a much-needed boost for the league and the transfer market I believe. In line with how the league was set-up and constituted. Existing managers Can play a second team in the league so can take up a 36-1 team as well.

Things to remember.

This is a weekly turnaround league.

A 36-1 team is quite a challenge

Deals between teams managed by the same player are only allowed if Such are run past ME first for fairness.

There will be no promotion from this new third division or relegation from the current Second division at the end of the first season because I doubt the third division sides Would be competitive.

Turn fee for the new third division sides in the first season will be half price, i.e. £12.50

Shall we put your name down then?
