Hope League - Session Seven

Season 11

ROUND-UP

Tells you alot about a division when the top six all win their games doesn't it. A division of two halves for sure. At the bottom you could say perm any three form six to go down as none seem able to pull themselves together at the mo. At the top well No change as **Hill Valley & Memorial Park** (He of the manger who isn't awake), set the pace. Good session again for **Sith Happens** leaving the relegation battle well behind them.

Exact opposite really in the second where three of the bottom six win. AT the top few seem able to put down a marker though a win for **Star Command** puts KP at the top of the pile Top two now four points clear but....

And watch out for former champs **Han Shot First,** they have pulled out of the relegation zone. Does Mr Bally feel like a shot at the top in the second half of the season, we shall see.

Long also-rans, **Darkside & Tusken** are now the boys to beat in the third Both looking good to move up a division though long way to go still

MUTTERINGS AND MEANDERINGS OF THE KA MIND

Just something to remember this time. Which is oft times not realised by managers. If you set a DF/A to mark a WG then he will follow him all over the pitch whether he plays in MF or FW line and mark him. WG cannot hide form a DF/A marking him

ROLLING AUCTION LEVELS

The following are the minimum levels relating to each session for entering players into the rolling auction:-

SESSIONS	MIN LEVEL
1 to 3	5
4 to 5	6
6 to 8	7
9 to 10	8
11+	9

These are also the same levels which decide whether a player will go straight to N/L when out of contract rather then being put into the auction

Please note that from now onwards it is illegal to sell any player and then buy him back in the next three session FOR ANY REASON WHATSOEVER. If you do that playing will be banned for life and you will lose him

STANDING ORDER PAYMENTS - **you can also pay your turn fees by standing order now. Contact us for details about how to do this and remember that this is not only the way to spread your payments over the year rather than having to find a lump sum at the start of every season, but it is also the way to avoid those dreaded double turn fees. With SO payments this can't happen.**

Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a blank email to KA-kickabout+*subscribe@groups.io*. For others you do the same except put the league, name with Ka- infront of subscribe. However, some league lists have an ending in .co.uk instead of .com, so if one doesn't work then please try eeh other!!

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest return-by-date is. This is of great help and if you have email you should really be receiving this.

MARKING UPDATE

We have worked out a system to check on anybody who is using last season's marking numbers for the current season. Basically the program will save a list of all valid marking successes each session and if somebody cries foul, that he has been marked by somebody who hasn't scouted him, we can check and say yea or nay.

So from now onwards if you use last season's numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

MARKING INFO - Tim Dodge has put together a clever little program that allows s shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info.

New 2014 version now available at

http://dodge.me.uk/markinfo.exe

Shomatch/ teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc.

LONDON BEER MILE - SATURDAY 6th JULY

Boys, we have arranged that Saturday July 6th will be a London Beermile Day for Kickabouteers. We will traverse the 'famous' London Beermile (not far London Bridge station). Put it in your diaries for an afternoon of ales, food and chat. We would love to see old and new faces. Ex players Ian Jackson (aka Mick Hucknall) and Nigel Barnish (Trespint Barnie) are already confirmed as coming along and there are one or two more ex-players in the pipeline (watch this space); along with the current crop of Chris, Wadders, Baddad, Cranners, Gareth, Nursey Lewis, Steadders to name just a few as a starter.

We also here that Neil H & Collywobble are plannng to descend on London for a binge! While Rob The Scottie has promised to show his face (What about you Mr Butler!?!)

And perhaps the perfect opportunity for John Samson to show his face and turn up

and for Ian Read, no excuses not during the week but on a saturday easy toto come along and play

MANAGER-S NEEDED

We have some teams that we would like to get managed in the ramsey league. Will do a good offer for anybody who takes one over. You sugegst the offer ok

Crewe Alexandra in fourth division. Have two nice speicilists and FIVE stars , a team to build on and who should be in the top half of the fourth divsion for sure.

Battersea Blues in third division. a challenge team mainly due to the squad being quite old.

Aliens Utd in seocnd divison they have FOUR stars but need som work sorting out the squad for various reasons.

Geographic FC in first divsion. Wow. FIVE MF specialists in the squad. TWO stars and three million in bank. A team to build on and make a challenge at the very top.

Come on take the plunge

DID YOU KNOW?

CREATIVE/ BALL-WINNER

HOW DOES IT WORK?

SO WHAT DO THE NUMBERS MEAN?

The new statistics are aimed at a simple game mechanic - they are used to give a side additional chances of scoring during a game or they are used to nullify efforts created by the opposition; it doesn't take a genius to work out which does which.

The individual statistics of each player are only the "base value" for each formulae that uses them. The figures shown are modified by any number of different conditions before they are given a final rating, which is used to determine if he directly effects the match in any way. The kind of players he is playing with, the number of players in his part of the pitch, the weather and the team's formation are all mitigating factors in how this base value is modified.

Ball Winners are players that thrive in the heat of battle, that love to mix it with the opposition and find their talents easier to use when in packed areas of the pitch. They are primarily defensive players and tend to have more effect if the overall stance of the side is weighted in that direction. For each element of this make up that goes their way, they receive a bonus on their ball-winning ability, along with a subsequent penalty to their creative skill. So, if the Batty of our example starts the game with figures of 75/25 then he will be completely happy playing in a full Power side, with a 4-4-2 formation that uses a negative style. If the weather is cold and the pitch muddy then he has about everything he can get in his favour. The only way of bettering this if for him to be playing in a five-man midfield, but then you lose the negative advantage and his figures won't look all that much better. Each one of the factors in his advantage will add a certain percentage to his abilities and in the example shown it would not be a surprise to see Batty's eventual stats change from 75/25 through to perhaps 105/10 or so.

Creative players like the opposite end of the scale, as you can imagine, and they like warm days with a good surface to play one, they like space to play in and a style that allows them to attack the opposing goalmouth. It doesn't take too much to work out what sort of formations and playing positions will get the best from them.

It may well become apparently that there are more opportunities in the game for ball winners than there are for creative players - this is a fact.

The balance to this is that when a BW or CR affect kicks in, it only kicks in at the position the player is located. A BW gain by a player in midfield will kill off a shot from the opposing midfield area for example, while a striker picking up a creative chance will do so from his forward position. The creative chances always result in an additional chance where as ball-winners need to have something to stop if they are to be effective. If a side adds an extra four Ball-winner stops to their midfield and the opposition isn't creating anything in that area, then these efforts are wasted. Thus, while there are many more ways of aiding your ball-winning players, their abilities are not always as valuable as the creative players

CONTRACTS UPDATE

We have listened to the moaners who in contract negotiations have lost very good players cos they cannot get them to agree to a new contract. Galling to see their prized possession in the expired section of the autumn. Ok you will no doubt get some recompense for him, but the reserve bid is always painfully low and you never never know who might snaffle his arse with a cheeky bid do you.

So from now onwards if your prized player is on the last week of his contract

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

Then there is a wage that if offered he will ALWAYS accept.

This has to be calculated by you (Oh shite!!)

The formula is as follows :

3 X basic wage where the basic wage = player level X PS Bonus X Div Bonus X POS Bonus X Type bonus

player level is obvious

P/S bonus increase the basic wage by 20%

Div Bonus - 125% for div 1/ 110% for div2 / 100% for divs 3/ 75% for div 4

Pos bonus refers to STARS/FUT/SBY which require 50% uplift

Type bonus is equal to the players expected wage rates , ie MF/A/D x3 - **Df/A X 2 / UT/WG/FWS x1.5** / GK SW X 2/ FW/MF/DF X 1

We suggest that you always add 1K to your bids

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

as an example a DIV ONE 20/12 PS MF/A/D STAR would require a wage offer of basic wage (81K) X 3 to accept unconditionally , i.e. 243K per week

or a 20-10 DIV THREE S DF/A would require a wage offer of basic wage(20K) X 3, i.e. 60K

On the last week of the contract there is no optimum length of contract though we suggest you opt for four weeks so you have time to bid again

I REPEAT - AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

One last change to note as well. In future at whatever stage of the contract negotiation you are at with a player, the min he will now accept is one third of his basic wage

so in the MF/A/D example a bid under 27K will be rejected, the DF/A minimum is 6.66K
