MARKING

From now onwards if you use last season's marking numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

t

MARKING INFO - Tim Dodge has put together a clever little program that allowss shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc

The latest version now available at

SOMETHING FOR EVERYBODY TO REMEMBER

It seems that even old stagers of the game still can't work out what order games are to be played in. SO emblazon the following on your minds please

ORDER OF MATCHES IS

LEAGUE GAME ONE

LEAGUE GAME TWO (which is where any re-arranged league maxcth should go)

ALL CUP GAMES (including Cup/Bowl/ Trophy where the latter is always last if you have a Bowl or cup game as well)

LEAGUE CUP GAMES

EURO GAMES

FRIENDLIES

(If you look at teampick you will see that you CAN edit your fixtures as well to tell the program what games you are playing this session and it will put them in the correct order, OK)

NB In teampick trophy games come after League Cup it appears. Please realise that they don't. In the fullness of time the teampick maestro will change this

MUTTERINGS AND MEANDERINGS OF THE KA MIND

Just something to remember this time. Which is oft times not realised by managers. If you set a DF/A to mark a WG then he will follow him all over the pitch whether he plays in MF or FW line and mark him. WG cannot hide from a DF/A marking him

STANDING ORDER PAYMENTS - you can also pay your turn fees by standing order now. Contact us for details about how to do this and remember that this is not only the way to spread your payments over the year rather than having to find a lump sum at the start of every season, but it is also the way to avoid those dreaded double turn fees. With SO payments this can't happen.

CREDIT CARD PAYMENTS Can be made to us using the PAYPAL service. So if you want to pay anything by credit card then you could register with them and give it a try. Also note that if you send your payments as a gift ALL of the cash reaches us without any paypal fees being charged at our end and all is credited to your account. You can use either email address for this

BULK PAYMENT OF TURN FEES - remember if you pay £63.75 at one time (which can cover more than one team) you get an extra free turn credited to your account. This offer does not include shomatch/weekend/fast leagues/veterans leagues or special offers monies!

LONDON BEER MILE - SATURDAY 6th JULY

Boys, we have arranged that Saturday July 6th will be a London Beermile Day for Kickabouters. We will traverse the 'famous' London Beermile (not far London Bridge station). Put it in your diaries for an afternoon of ales, food and chat. We would love to see old and new faces. Ex players Ian Jackson (aka Mick Hucknall) and Nigel Barnish (Trespint Bernie) are already confirmed as coming along and there are one or two more ex-players in the pipeline (watch this space); along with the current crop of Chris, Wadders, Baddad, Cranners, Gareth, Nursey Lewis, Steadders to name just a few as a starter.

We also here that Neil H & Collywobble are planning to descend on London for a binge! While Rob The Scottie has promised to show his face (What about you Mr Butler?!)

And perhaps the perfect opportunity for John Samson to show his face and turn up

and for Ian Read, no excuses not during the week but on a saturday easy toto come along and play

CONTRACTS UPDATE

We have listened to the moaners who in contract negotiations have lost very good players cos they cannot get them to agree to a new contract. Galling to see their prized possession in the expired section of the autumn. Ok you will no doubt get some recompense for him, but the reserve bid is always painfully low and you never never know who might snaffle his arse with a cheeky bid do you.

So from now onwards if your prized player is on the last week of his contract

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

Then there is a wage that if offered he will ALWAYS accept.

This has to be calculated by you (Oh shite!!)

The formula is as follows :

3 X basic wage where the basic wage = player level X PS Bonus X Div Bonus X POS Bonus X Type bonus

player level is obvious

P/S bonus increase the basic wage by 20%

Div Bonus - 125% for div 1/ 110% for div2 / 100% for divs 3/ 75% for div 4

Pos bonus refers to STARS/FUT/SBY which require 50% uplift

Type bonus is equal to the players expected wage rates , ie MF/A/D x3 - **Df/A X 2 /**
UT/WG/FWS x1.5 / GK SW X 2/ FW/MF/DF X 1

We suggest that you always add 1K to your bids

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

as an example a DIV ONE 20/12 PS MF/A/D STAR would require a wage offer of basic wage (81K) X 3 to accept unconditionally , i.e. 243K per week

or a 20-10 DIV THREE S DF/A would require a wage offer of basic wage(20K) X 3, i.e. 60K

On the last week of the contract there is no optimum length of contract though we suggest you opt for four weeks so you have time to bid again

I REPEAT - AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

One last change to note as well. In future at whatever stage of the contract negotiation you are at with a player, the min he will now accept is one third of his basic wage

· so in the MF/A/D example a bid under 27K will be rejected, the DF/A minimum is 6.66K

CREATIVE/ BALL-WINNER

HOW DOES IT WORK?

SO WHAT DO THE NUMBERS MEAN?

The new statistics are aimed at a simple game mechanic - they are used to give a side additional chances of scoring during a game or they are used to nullify efforts created by the opposition; it doesn't take a genius to work out which does which.

The individual statistics of each player are only the "base value" for each formulae that uses them. The figures shown are modified by any number of different conditions before they are given a final rating, which is used to determine if he directly effects the match in any way. The kind of players he is playing with, the number of players in his part of the pitch, the weather and the team's formation are all mitigating factors in how this base value is modified.

Ball Winners are players that thrive in the heat of battle, that love to mix it with the opposition and find their talents easier to use when in packed areas of the pitch. They are primarily defensive players and tend to have more effect if the overall stance of the side is weighted in that direction. For each element of this make up that goes their way, they receive a bonus on their ball-winning ability, along with a subsequent penalty to their creative skill. So, if the Batty of our example starts the game with figures of 75/25 then he will be completely happy playing in a full Power side, with a 4-4-2 formation that uses a negative style. If the weather is cold and the pitch muddy then he has about everything he can get in his favour. The only way of bettering this if for him to be playing in a five-man midfield, but then you lose the negative advantage and his figures won't look all that much better. Each one of the factors in his advantage will add a certain percentage to his abilities and in the example shown it would not be a surprise to see Batty's eventual stats change from 75/25 through to perhaps 105/10 or so.

Creative players like the opposite end of the scale, as you can imagine, and they like warm days with a good surface to play one, they like space to play in and a style that allows them to attack the opposing goalmouth. It doesn't take too much to work out what sort of formations and playing positions will get the best from them.

It may well become apparently that there are more opportunities in the game for ball winners than there are for creative players - this is a fact.

The balance to this is that when a BW or CR affect kicks in, it only kicks in at the position the player is located. A BW gain by a player in midfield will kill off a shot from the opposing midfield area for example, while a striker picking up a creative chance will do so from his forward position. The creative chances always result in an additional chance where as ball-winners need to have something to stop if they are to be effective. If a side adds an extra four Ball-winner stops to their midfield and the opposition isn't creating anything in that area, then these efforts are wasted. Thus, while there are many more ways of aiding your ball-winning players, their abilities are not always as valuable as the creative players

MANAGER'S NEEDED

We have some teams that we would like to get managed in the ramsey league. Will do a good offer for anybody who takes one over. You sugest the offer ok

Crewe Alexandra in fourth division. Have two nice speicilists and FIVE stars , a team to build on and who should be in the top half of the fourth divsion for sure.

Battersea Blues in third division. a challenge team mainly due to the squad being quite old.

Aliens Utd in seocnd divison they have FOUR stars but need som work sorting out the squad for various reasons.

Geographic FC in first division. Wow. FIVE MF specialists in the squad. TWO stars and three million in bank. A team to build on and make a challenge at the very top.

Come on take the plunge

THE FAMOUS/INFAMOUS WADDERS GROVEL
