

TOMMO

TOPS; BUT IT'S A BAD WEEK FOR COLLY AND DUMPY

A different look to the division this week after the 1st games but not unexpected as dark horses **Ferenghi** get out of the stalls super quick and pick up maximum points. A goal A down early on to the naughty BadDad at **Boleyn** had them worried for a few new minutes but they turned it around to win 2 - 1 before a solid 2 - 0 win over season **Abbey Road** at Mafia Dags place. Can ex-snoozy maintain it? They starts and are joined by Cranners **PSV Loftus** as the only two unbeaten sid Cranners is es who saw off **FC Amazonas** and **Newark FC**. A tough start for n constructing his ew Amazonas boss Hudson but they followed it up with a 2 - 1 vitriol once more win at Colly's **Blackpool**. Colly certainly won't be happy with that start; they'd already gone down 6 - 0 to Fingers **Lancs Villans**, their weak defence torn to shreds by Lancs attacking style. Certainly something to watch although they came unstuck when **Boleyn Boys** put 5 past them in the next game!

For newcomers **Red Castle**, the manager with high hopes of a top 6 finish at the worst, it was a real baptism of fire. Soundly hammered by **Burnham Down** 8 - 1 before a 1 - 0 home defeat by **Ajax**. That's the one that will hurt the most. More Acumen needed methinks!

So finally let's talk about **Wandsworth**. The shed-dwelling hairy one picks up two draws; one better than the other, but not a goal in sight. Plenty of chances against **Newark** but they were less accurate than Colly's map reading skills. Was last years runner up spot a flash in the pan? Is he a one season wonder? - we will see!

WHO'S YOUR MONEY ON?

Bit of a topsy turvy week here in the 2nd with some of the pre-season favourites really struggling to get going. **Huddersfield**, pick up two single points; KP needs to whip them into shape rapidly as they suffer with two 0 - 0 draws against bottom club **Real Remmigel** and 11th placed **New Elvet**! **Brighton Expo** also suffer an initial loss against **Dutch Courage**, now vacant after Craig walked out; but fortunately recover to edge past **Manchester Devils**.

With Dutch winning both, it's only Seamy keeping close pace and after **Galway Gaels** secured a late equaliser against **Newport Pagnell**, they go on to beat **Vino Villa** 3 - 1.

Chopper Seamy in no mood to let BakDor Scotty have his wicked way with him; and I wouldn't either!

Bispham pick up one win from two, a solid start for boss Hansford, with **New Elvet** suffering a 3 - 1 loss here. The home side looking to upset the pundits' predictions of a season of struggle. For Huffo Puffo Samson that defeat was closely followed by that **Huddersfield** draw so it's not all doom and gloom just yet.

Both **Berry Brow** and **Newport Pagnell** pick up two draws each; one of which came against each other and Condon's men grabbed a late equaliser when it looked like McAuley had the points in the bag despite

KICKABOUT NEWS

being under pressure for long periods. Better to come from these two I expect.

DISCO DAVE IS BINGO GO GO

Yep top of the tree after this first week is Mr Hargraves, new shirt, new dabbers and definitely up for the late night flyer is our Yorkshire traveller who saw his **Wanderers** pick up wins against **Hathershaw** and **FC Groovus**. Given what he put out in defence in these matches he's probably stunned to pick up six points but with BARERO, WILTZ and D'LOMA adding their strength to the back line they've every chance against the less stronger sides. Can he keep it up?

Favourites **Sporting Porto** have to settle for four points; routing **Vegan City** 5 - 0 before being held by Wadders at **RYL Arsenal** in a game they ought to have won but the tactical masterstroke of an offside trap caught Sporting out time and time again with keeper ROBERTS also playing a BLINDER. (joke there!). Wadders had started his season with a heavy defeat against **Dagobah Hawks** so a derby point was a welcome relief.

That good start for **Dagobah** didn't last long though as unmanaged **Sirmione**, now 2nd in the table, put three past them; though keeper MISISIPI was at fault with all three goals, and they should have got at least a point here. Still, I expect them to have a decent season.

Single wins for **Ferencvaros**, **Dynamo Tooting** and **Blackberry Rovers** keep them all tucked into mid-table; though at least one of these could do with a decent keeper. You know who you are!

SHACKLES OFF AT SHETTLESTON OR WILL LIONS BE KING?

Caretakers aside we only have 3 unmanaged sides in the division this season so that should keep it interesting and it's Duncan

Wells and Jack that lead the way. **Athletic Lions** won against **NJF** and **Newton Borough**, not the toughest of starts for them but they were comfortable winners in both and could have scored more.

Shettleston FC also got maximum points; winning against the rebuilding **Womble Town** before overcoming **Ferguslie Park** 2 - 0 in a derby match up. To be fair that match was so tight it could have gone either way and ChrisBDuck will be bitterly disappointed that his very solid keeper/sweeper combo let in two of the four shots they faced. Bugger! Still a 6 - 0 win against **Southport** will help soothe that.

Midlands Heath and **Belle Vue** follow them up. It's been a busy week for the Seahawks down at the Issaavak Stadium with plenty of transfer comings and goings and an away derby match against another of the favourites in **Alderaan FC**. Both managers will have high hopes for the season, so this was a key early encounter and it went the way of the visitors with striker OLSEN scoring a brace. Alderaan manager Read no doubt disappointed to lose this one (and their previous result against Midlands Heath) but the away side just about deserved it in a close game.

LEAGUE CUP

1st round 1st Leg highlights

Cup suffering begins for my pal BakDor Scottie as **Vino Villa** go down 2 - 0 against managerless **Real Remmigel**. 2nd leg comeback? Don't kid yourself! *****
Shettleston are well on their way to the next round, 2 - 0 at **Newton Borough** sets them up nicely to progress ***** Late goals from **Newport Pagnell** spoil the Wadders **RYL** party as the visitors take a 2 - 1 lead *****
Bingo Dave going through against **Vegan**

KICKABOUT NEWS

after a couple of SPUMANTI's seal a 3 - 1 win ***** It's too easy for **Belle Vue** as they put 5 past Matron's fading **Tooting**. Oh dear, on yer bike! ***** Two for **Sporting Porto** against Butts **Real Scorb**, this one is over. ***** A 21st minute strike from QUINN sets **Ferguslie Park** up for a nice win against **Dagobah Hawks** although all to play for here. ***** **Brighton Expo** are held by **Ferencvaros**; is Symonds plotting something of an upset here? ***** **Athletic Lions** take a slender 2 - 1 advantage to **Blackberry**, more work to do here but slight favourites.

TRANSFER TRAILS

Biggest win in the auction came from **Belle Vue** who pick up teenage FW FALIO for a whopping £2.2m and they also added young defender ANDRADE for another £1.4m. **Newark** get DF/A ALBUFEIRA for close to £2m (we know KP loves a big bid!) whilst **PSV Loftus** went big on creative UT BRUUTASTIC. The hairy youngster ready to pounce once ready. Dempsey at **Red Castle** opts for fadey UT RONALDNO, better get him in the squad a.s.p. In private deals it was akin to Clapham Junction with comings and goings all over. Deals of note; **Berry Brow** and **Burnham** get cosy with SALTY MOLLOY and DAVOS JUNIOR swapping seats, whilst **Lowfields** and **Loftus** swap DF/A's. Loftus are back in business when they let WASHINGTON go to **Ajax** and take OLANO who needs a bit of work but will add strength soon. **Ajax** also sell ROSBERG and ISIDRO; a real clear out of midfield talent gone from the wage bill and perhaps a rebuild in progress. There are a few other MF trades but with part of the deals missing I can't see 'em so best of luck!

MANAGER OF THE MONTH

DIVISION ONE: goes to manager **Tommo** of **Ferenghi**, topping the pack (only on goals scored though!!)

DIVISION TWO: goes to manager **Seamus** of **Galway Gaels**, is this their season? Duggle Duggle

DIVISION THREE: goes to manager **Hargraves** of **Wanderers FC**, at the top! For now!

DIVISION FOUR: goes to manager **KP** of **Shettleston FC**, just edging out Duncan on the quality of opponent faced.

MARKING

From now onwards if you use last season's marking numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

MARKING INFO - Tim Dodge has put together a clever little program that allowss shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/ teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc

SOMETHING FOR EVERYBODY TO REMEMBER

It seems that even old stagers of the game still can't work out what order games are to be played in. SO emblazon the following on your minds please

ORDER OF MATCHES IS

LEAGUE GAME ONE

LEAGUE GAME TWO (which is where any re-arranged league maxcth should go)

ALL CUP GAMES (including Cup/Bowl/ Trophy where the latter is always last if you have a Bowl or cup game as well)

LEAGUE CUP GAMES

EURO GAMES

FRIENDLIES

(If you look at teampick you will see that you CAN edit your fixtures as well to tell the program what games you are playing this session and it will put them in the correct order, OK)

NB In teampick trophy games come after League Cup it appears. Please realise that they don't. In the fullness of time the teampick maestro will change this

THE MUSINGS AND MEANDERINGS OF THE KA MIND

It has been said before but many seem to have forgotten this. The rulebook is incorrect. Weather effects. etc are added BEFORE any MF/G additions. Bear

KICKABOUT MONEY

STANDING ORDER PAYMENTS - you can also pay your turn fees by standing order now. Contact us for details about how to do this and remember that this is not only the way to spread your payments over the year rather than having to find a lump sum at the start of every season, but it is also the way to avoid those dreaded double turn fees. With SO payments this can't happen.

CREDIT CARD PAYMENTS Can be made to us using the PAYPAL service. So if you want to pay anything by credit card then you could register with them and give it a try. Also note that if you send your payments as a gift ALL of the cash reaches us without any paypal fees being charged at our end and all is credited to your account. You can use either email address for this

BULK PAYMENT OF TURN FEES - remember if you pay £63.75 at one time (which can cover more than one team) you get an extra free turn credited to your account. This offer does not include shomatch/weekend/fast leagues/veterans leagues or special offers monies!

THE INTERNATIONAL TROPHY

There will be two groups of six teams each playing the other once (remember an extra point for an away performance), There will then be a KO semi-final, for all positions and a final session of six games to decided the twelve placings

First the prizes,

WINNER - 500K

RUNNER-UP - 200K

BEATEN SEMI-FINALISTS - 150K each

Beating any HIGHER RANKED team earns your club balance 100K

Winning any game (though not on penalties) gains you an extra 1 MP for your club side

Creative and BallWinner - How it Works

Despite countless explanations to folks, numerous written responses and an addenda to the rulebook it appears that some managers still have little clue how the Ball Winner and Creative statistics affect the game as a whole.

They have opted to ignore these rather than try to grasp WHY they have been introduced and when their team loses 1-0 and the newsletter reports how superbly creative their opponents were, those same managers start moaning about their ill fortune. Only recently one manager on the newsserver said that the main thing he didn't like in the game was the ridiculous 1-0 defeats his teams suffered, suggesting that such "freak" results were a far too common occurrence. It never really hit him that he was losing these matches for a reason. Anyway it seems as good a time as any to try and go through this game mechanic once more, just so the next time people say "how does this work" we can point them to yet another part of the newsletter that they decided wasn't worth reading.

The Ball Winner and Creative statistic were added to the game for a good reason - they differentiate between players of the same basic type in a manner that was previously untouched. Look at real players for instance. There can be no doubt that Paul Ince and David Batty are very similar types of players. Let us assume, for sake of argument, that both can be called level 11 MF/D's and, again for the sake of argument, both are power players.

Now in Kickabout that would be that. There was previously no way of trying to simulate the fact that Ince was the kind of player that could break from midfield with powerful runs and get into the box while Batty was more likely to play just in front of the back four. The Ball Winner and Creative stats were introduced to make that difference.

A player who is a good Ball Winner is one that will be in there where the tackles are flying and will, basically, have an edge when it comes to breaking up the moves of the opposition. He will have the better chance of coming away with the ball from a 50-50 challenge than normal. His ability to put his foot in will make the difference between someone getting in a shot and having it blocked. Ball Winners are designed in a defensive frame of mind.

Creative players are just the opposite and, as you would expect, it is they that have the ability to turn a loose ball into a scoring chance. They thrive on the more skilful type of play, getting the ball on the floor and playing it to feet. They may not be the greatest of tacklers but they will be able to provide that extra touch that puts a striker through on goal.

Every player in Kickabout, with the exception of Goalkeepers, have two figures recorded against them to show their abilities in both these basic areas. Often these two figures will add up to a 100, and in this way they can be looked upon as percentages. The first of the two figures is the player's ball winning ability while the latter is their creative skill. So if a statistic reads "65/35" it becomes immediately apparent that the player is far more suited to a physical, tackling game than he is likely to be putting in killer passes. These figures may sometimes not add up to a hundred, or may total to a good deal more. One player in an early auction had figures of "65/65" which are more formidable, a sort of Giggs type character who has no problem in tracking back and winning the ball when required. Whatever the case may be, these two numbers DO have a fair importance in the game now and they should be taken note of by EVERY manager.

The new statistics are aimed at a simple game mechanic - they are used to give a side additional chances of scoring during a game or they are used to nullify efforts created by the opposition; it doesn't take a genius to work out which does which.

The individual statistics of each player are only the "base value" for each formulae that uses them. The figures shown are modified by any number of different conditions before they are given

a final rating, which is used to determine if he directly effects the match in any way. The kind of players he is playing with, the number of players in his part of the pitch, the weather and the team's formation are all mitigating factors in how this base value is modified.

Ball Winners are players that thrive in the heat of battle, that love to mix it with the opposition and find their talents easier to use when in packed areas of the pitch. They are primarily defensive players and tend to have more effect if the overall stance of the side is weighted in that direction. For each element of this make up that goes their way, they receive a bonus on their ball-winning ability, along with a subsequent penalty to their creative skill.

So, if the Batty of our example starts the game with figures of 75/25 then he will be completely happy playing in a full Power side, with a 4-4-2 formation that uses a negative style. If the weather is cold and the pitch muddy then he has about everything he can get in his favour. The only way of bettering this is for him to be playing in a five-man midfield, but then you lose the negative advantage and his figures won't look all that much better. Each one of the factors in his advantage will add a certain percentage to his abilities and in the example shown it would not be a surprise to see Batty's eventual stats change from 75/25 through to perhaps 105/10 or so.

Creative players like the opposite end of the scale, as you can imagine, and they like warm days with a good surface to play on, they like space to play in and a style that allows them to attack the opposing goalmouth. It doesn't take too much to work out what sort of formations and playing positions will get the best from them. It may well become apparently that there are more opportunities in the game for ball winners than there are for creative players - this is a fact. The

CONTRACTS UPDATE

We have listened to the moaners who in contract negotiations have lost very good players cos they cannot get them to agree to a new contract. Galling to see their prized possession in the expired section of the autumn. Ok you will no doubt get some recompense for him, but the reserve bid is always painfully low and you never never know who might snaffle his arse with a cheeky bid do you.

So from now onwards if your prized player is on the last week of his contract

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

Then there is a wage that if offered he will ALWAYS accept.

This has to be calculated by you (Oh shite!!)

The formula is as follows :

3 X basic wage where the basic wage = player level X PS Bonus X Div Bonus X POS Bonus X Type bonus

player level is obvious

P/S bonus increase the basic wage by 20%

Div Bonus - 125% for div 1/ 110% for div2 / 100% for divs 3/ 75% for div 4

Pos bonus refers to STARS/FUT/SBY which require 50% uplift

Type bonus is equal to the players expected wage rates , ie MF/A/D x3 - **Df/A X 2 /**
UT/WG/FWS x1.5 / GK SW X 2/ FW/MF/DF X 1

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

as an example a DIV ONE 20/12 PS MF/A/D STAR would require a wage offer of **OVER** basic wage (81K) X 3 to accept unconditionally , i.e. 243K+ per week

One last change to note as well. In future at whatever stage of the contract negotiation you are at with a player, the min he will now accept is one third of his basic wage

so in the MF/A/D example a bid under 27K+ will be rejected, the DF/A minimum is 6.66K+
