## CRANDDUFF SURGES

Another new leader in the top flight as **Les Ferdinand** surge to the top. Could this really be the Cranners year when he lauds it over those who have doubted him. To be honest it would be a brave man who forecast the eventual champs. Watch out though as the big grunts, **Radford & Ayell** both had wins to move upwards. Who gonna win it is a question that might go down to the wire I feel.

Going down to the second looks likely to be our old nob LEWIS. four games no points and his old failings of shotshyness seems to suggest its a long hard season of toil for him now very **Testing** indeed.

Unbeaten and unbowed that's Pad and his **IB** boys in the second Cracking pace though **The Greeks & the Stars** are clinging on . Good news for MR SMITH though as his **Bermondsey** boys final get off the mark and get their season going.

**Sci fi** lead the way in the third. after a crushing five goal decimation of Lozza'a **Old Steiners** Was Clubfoot a decent buy one has to ask. Behind IB everything very close up points picked up by most of the bottom half teams closed the table up somewhat

Cab the **Rabbi** bounce staright back. Second now has Wadders got to grips with them

## THE KICKABOUT COMMUNITY

**EMAIL CHAT LIST** - yes, you can subscribe to our email discussion group. There is a list for general Kickabout topics, a list for each individual league, one for the vulcano, one for teampick subscribers, even one for the weekend players. Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a blank email to [KA-kickabout+subscribe@groups.io](mailto:KA-kickabout+subscribe@groups.io). For others you do the same except put the league, name with Ka- in front of +subscribe.

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest return-by-date is. This is of great help and if you have email you should really be receiving this.

## MARKING UPDATE

We have worked out a system to check on anybody who is using last season's marking numbers for the current season. Basically the program will save a list of all valid marking successes each session and if somebody cries foul, that he has been marked by somebody who hasn't scouted him, we can check and say yea or nay.

**So from now onwards if you use last season's numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.**

## **FORTHCOMING KA WEEKENDS**

---

Danny promise to be there**

**MAY 2027**

special could be planned for then?**

**By universal accliation it was decided at the xmas pubmeet that we will  
return to Norwich for the special one, it is easy to get to, every knows  
and enjoys it there**

**To encourage the weaker bretheren amonsgt you to turn up for this the

### **SOMETHING FOR EVERYBODY TO REMEMBER**

It seems that even old stagers of the game still can't work out what order games are to be played in. SO emblazon the following on your minds please

#### **ORDER OF MATCHES IS**

LEAGUE GAME ONE

LEAGUE GAME TWO (which is where any re-arranged maxcth should go)

ALL CUP GAMES (including Cup/Bowl/ Trophy where the latter is always last if you have a Bowl or cup game as well)

LEAGUE CUP GAMES

EURO GAMES

FRIENDLIES

**(If you look at teampick you will see that you CAN edit your fixtures as well to tell the program what games you are playing this session and it will put them in the correct order, OK)**

**NB In teampick trophy games come after League Cup it appears. Please realise that they don't. In the fullness of time the tempick maestro will change this**

**STANDING ORDER PAYMENTS** - you can also pay your turn fees by standing order now. # CONTRACTS UPDATE

---

So from now onwards if your prized player is on the last week of his contract

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

Then there is a wage that if offered he will ALWAYS accept.

This has to be calculated by you (Oh shite!!)

The formula is as follows :

3 X basic wage where the basic wage = player level X PS Bonus X Div Bonus X POS Bonus X Type bonus

player level is obvious

P/S bonus increase the basic wage by 20%

Div Bonus - 125% for div 1/ 110% for div2 / 100% for divs 3/ 75% for div 4

Pos bonus refers to STARS/FUT/SBY which require 50% uplift

Type bonus is equal to the players expected wage rates , ie MF/A/D x3 - **Df/A X 2 / UT/WG/FWS x1.5** / GK SW X 2/ FW/MF/DF X 1

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

as an example a DIV ONE 20/12 PS MF/A/D STAR would require a wage offer of **OVER** basic wage (81K) X 3 to accept unconditionally , i.e. 243K+ per week

or a 20-10 DIV THREE S DF/A would require a wage offer of **OVER** basic wage(20K) X 3, i.e. 60K+

On the last week of the contract there is no optimum length of contract though we suggest you opt for four weeks so you have time to bid again

**I REPEAT - AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE**

---

---

One last change to note as well. In future at whatever stage of the contract negotiation you are at with a player, the min he will now accept is one third+ of his basic wage

so in the MF/A/D example a bid under 27K+ will be rejected, the DF/A minimum is 6.66K+

---

## NOTE THIS WELL ALSO

In the calculations above where it refers to WAGES, this also refers to wages + any experience the player as. This means that you are NOT ever sure about the calculation. Not that important for a normal player who does not have an \* by his name, but where specialists are involved it can be important. So we suggest that when offering a contract to a player who is a specialist or has an \* by his name, you add something extra to the calculation. I would say 5k is a good rule of thumb

MUTTERINGS AND MEANDeRINGS OF THE KA

The Ben White or Seamus Coleman style player, that often adds the duties of a flying winger to his defensive play. They have a number of abilities that make them very valuable indeed, but tend only to be able to use these talents if they have the chance to ease up on their defensive duties.

If their team is on top of things, they are much more likely to have an important role in the game than if they are constantly under pressure.

They play in a similar manner to WG's, unlocking an opposing side's Offside trap by breaking on long runs from the back, and only providing the final ball when the Offside trap has been defeated. However, they occupy a certain amount of `space' on the pitch and the front line must have the room to accommodate their runs forward. DF/A's also tend to be thwarted in their runs in playing in the same team as a Winger, as they often find themselves getting in each other's way when chances to attack appear; a team can play with a maximum of one DF/A and one WG, two WG's or two DF/A's.

If a side has two WG's and a DF/A then the DF/A will simply perform as a normal DF.

If the opposition plays a WG, then the DF/A will be able to cut down his contributions to the game, by blocking their runs that will try to unlock HIS team's Offside trap if played. In effect the DF/A always marks the winger.

In all cases, the benefits a DF/A can give to your attack are dependent upon the game itself, and cannot be predicted from your team selection. If a team plays with five FW's anyway, then the DF/A will not have space to play as he wishes, and hence be ineffective. The same goes for the side that plays with a DF/A on both wings, and has four or more FW's in play also. No side can use more than two DF/A (as for WG's), and any WG's in the same team will disrupt the DF/A's game.
